## REPTILE BREEDERS EXPO

From August 3-5, 1990 the First National Reptile Breeders' Expo will be held in Orlando, Florida, USA. According to the announcement it will be the largest and best visited reptile meeting till so far, dedicated to the results of the American herpetoculture. *A new age of reptiles is dawning and what better location than Orlando for the Woodstock of herps meetings?* are the slogans of the flyer. Middle-aged people exactly know what that means.
