Captive bred and legal wild caught reptiles from the former USSR

The following reptiles will be available for purchase at the Snake Day in October of this year. Species desired in trade include snakes and some other reptiles from Ukraine, the Caucasus, Middle Asia, Kazakhstan and the Far East.

To reserve specimens (and prepare CITES, whenever pertinent), please send your order and/or inquiries in advance at the address above. Fax communication is preferable. No downpayment is required! All you have to indicate in your order are the species required, quantity of specimens, your name and mailing address, your letter by which you guarantee the purchase of specimen listed in your order.
