PODARCIS

A new herpetological periodical, devoted to herpetology and terrarium keeping published on the Internet. You can make an acquaintance by visiting <WWW.PODARCIS.NL>. This Webzine will appear in a bi-lingual format: Dutch and English. For the time being this magazine is freely accessible; in the future (presumably starting January 2001) a subscription fee of E. 12,00 will take effect. At the completion of each volume a cd is produced and will be sent to subscribers free of charge.
